Kevin Robert Shows

Meeting of the Minds

An intimate show for 30 people or less. This performance will give you the feeling that a group of friends has gotten together at someone's house and The Mentalist has come to visit. As with all shows, this presentation is very interactive. However, with Meeting of the Minds you will get to experience an intimate and fascinating encounter. With such a small group, just about everyone gets in on the show and will be personally touched by an experience that will leave a lasting impression.

Mind Games

Ideal for audiences of 75 or less. This show blends just the right amount of "WOW!" factor with humour. A highly interactive show, audience members not only watch the show from their seats, but some get to experience first-hand what it is like to have someone get into their minds. Audience members also explore the possibility that they are connected with strangers in the audience or possibly even with someone in another part of the world they have never met. This show is repeatedly booked for its high entertainment value and flexibility to customers' needs.

Mind Games (Stage Version)

For audiences of 75 or more. This is basically the same as above, but due to the size of your audience or room, has added light and sound and a technical crew to the show.

Theatre of the Mind

Geared towards a larger audience, but any size group will enjoy this show. This gala comes complete with lights and sound and stage assistants. The opening of this show is Kevin's version of "The Knight's Tour" - an incredible memory demonstration passed down to Kevin from world-renowned hypnotist Reveen. For the finale, Kevin gets personal with members of the audience, telling complete strangers such things as where they spent their honeymoon, the names of their children, their social insurance number and so much more. Theatre of the Mind brings the glitz and glamour of Vegas to your event.
